DETAILED ACTION

This is a reply to the Applicant's amendment submitted on 02/04/2005. According to this amendment, claims 1-84 are currently presented in the instant application.

Allowable Subject Matter

1. Claims 1-84 are allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The closest prior art fails to disclose or fairly suggest:

A phase-locked loop circuit including a feedback path having at least one component connected therein; and one or more of the at least one component is programmably connectable to another portion of a programmable logic device for operation of the another portion of the programmable logic device with the one or more of the at least one component, in combination with the remaining claimed limitations, as called for in independent claim 1; and

A programmable logic device including a feedback path having at least one component connected therein; and one or more of the at least one component is programmably connectable to a programmable logic region for operation of the another portion of the programmable logic region with the at least one of the at least component, in combination with the remaining claimed limitations, as called for in independent claim 46.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
